(Decided without an oral hearing)

DECISION DESIGNATING POSITIONS

A decision was issued by the Board on August 18, 1997, pursuant to subsection 78.1(6) of the *Public Service Staff Relations Act*, designating the positions in the Operational Category bargaining unit. The diskette bearing identification "Communications Support and Reproduction Services CSS, RT" (the "old diskette") contains the list of all of the positions which the parties agreed had safety or security duties as of that date.

By letter dated January 11, 1999, the employer advised the Board that one of the designated positions identified in the old diskette had been abolished. Enclosed with the employer's letter was a diskette bearing identification "Operational Category amended designations" (the "new diskette"). On April 15, 1999, the bargaining agent provided its written agreement to the change proposed by the employer. This new diskette is accepted by the Board as an amendment to the old diskette and is contained in the Board file. Accordingly, this new diskette contains the list of all of the positions which the parties now agree have safety or security duties.

On the basis of the agreement of the parties, the Board hereby revokes the designation of the one position referred to above, that appeared on the old diskette and that does not appear on the new diskette. The Board also revokes the Form 13 issued for this position. This Form 13 has been returned to the Board and will be destroyed.
